A Tradition of Service

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

OES received funding for the Paul Coverdell Forensic Sciences Program for the FY 2008-09 Budget. The funding shall be utilized by the Los Angeles County Sheriff's Department (Department) to secure continued education and training programs for the Department's full-time forensic scientists.

In complying with the objective of this funding opportunity, the allocation will be used to send members of the Department's forensic staff to educational and training seminars designed to improve the quality, timeliness, and credibility of Departmental investigations and evidence examinations. The funding will help forensic scientists to prevent and reduce backlog of forensic cases and improve the turn around time for case analysis.

As an American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB), the Department's Scientific Services Bureau (SSB) strives to maintain compliance with all standards and criteria. The purpose of required training is to improve the accuracy, increase productivity, and enable staff to assume greater responsibility within their respective assignments. In an effort to maintain the standard of continuing education for all staff, it is necessary to provide a wide variety of specialized training opportunities.

Implementation of Strategic Plan Goals

Approval of the recommended actions is consistent with the County of Los Angeles' Strategic Plan. Specifically, the Department will realize the achievement of Goal 1, Workforce Excellence, as well as Goal 2, Organizational Effectiveness. Grant funds will be directed toward the continuing education and training of the Department's forensic scientists. Not only will they be provided with valuable professional skills and techniques, but the Department will benefit from a more efficient and effective forensic program.

FISCAL IMPACT/FINANCING

The term of the 2008 Forensic Science program is for a period of 12 months, from October 1, 2008, to September 30, 2009.

The FY 2008-09 fourth year of funding in the amount of \$159,343 for education and training is offset by State funds with no local match.

Funding for this program has been included in the Department's operational budget for FY 2008-09.
